Thank you sir!

Joseph -- From the City of Calgary - please add to your list. I'm not exactly sure what most of the equipment is or whether it could be put to use. I welcome your thoughts.

Peter

Good afternoon Marlin and Peter,

Here is a list of the equipment Doug mentioned earlier:

- HL970 - Hyundai wheel loaders – two units (5 cu yards bucket)
- 980 CAT wheel loaders - three units (5 cu yards bucket)
- L220H Volvo wheel loaders – two units (5.6 cu yards capacity)
- One stiff boom crane – 34 tons capacity
- One folding boom crane – 16 tons capacity

We also have a 10 John Deere loaders (644K) that are considered mid-size (less than 4 cu yards capacity). We have contacted our contractor (City Wide Towing) about working with police and RCMP and awaiting their response. Please don't hesitate to call me should you need more information.

Thanks you Doug and Majid, I have also copied Peter Lemieux the Executive Director within my area who is pulling this information together broadly.

We truly appreciate your support in this.

Hi Majid,

I spoke with Marlin Degrand at the Government of Alberta. I gave him a high level run down of the type of equipment we may have and some of the challenges with matching capabilities with use. I also shared that we have engaged our contractor to explore our ability to extend that to help. Marlin also suggested that we could use our relationship to connect the contractor to the RCMP for to contract directly.

Can you please send Marlin the list of equipment that we talked about this morning. Loaders, cats and cranes, their capacity and use. Also if you had an update on the discussions with our towing contractor.

Doug Morgan, (he/him) P.Eng., MBA
